

At home time you will get your book bag, coat and water bottle then line up. When I see your grown up outside, I will say your name and you will leave through the main door, head home and share all the things you have been learning.

We hope you have a great summer! Don't forget to pop some photographs on Tapestry so you can share all the fun you have had when you come back on Tuesday 3<sup>rd</sup> September 2024.

# Welcome to The Owls' Class Reception

2024

My name is  
Mrs Cabbage.

I will be your  
class teacher in  
Reception.

My name is  
Miss Smith.

I will be working  
with you in  
Reception too.

In our classroom  
we have a lovely,  
cosy reading area.

We have small  
world and  
construction toys.

We have a big creative  
area where you paint  
or make models.

We also have a role  
play area too. This  
changes throughout  
the year.

This is our outdoor classroom where we can run, climb, investigate and explore all sorts of things!

There are toilets in our classroom and you can go anytime you need to. There are sinks and hand dryers for you to wash and dry your hands. If you have a little accident, tell a grown up so we can help you. You might want to bring some named spare clothes with you, just in case.

We ask that you bring a **named** filled water bottle **daily**.

Our school day begins at 8:55am. I will greet you each morning with a big smile ... don't forget to bring your smile too!

Our cloakroom is just beside the main door. Each morning you will find your peg and hang up your coat, school bag and packed lunch (if you bring one).

We also have a box each to keep our wellies safe. It will be very useful to keep a pair of **named** wellies in school.

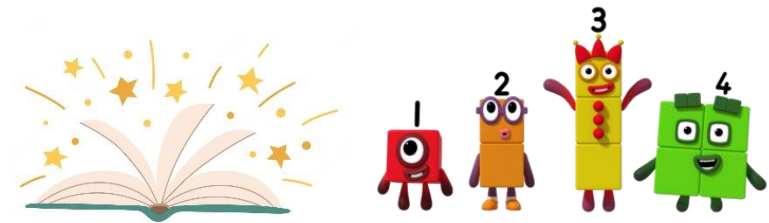

When you first come in, you will wash your hands, then find your name and pop it on the register. Then you will come to the carpet so that we can say 'Good Morning!' to each other. I will then help you to order a school lunch (if you plan to have one), we will do a 'Wake Up Shake Up' activity and after that I will tell you what we will be learning that day.

Then you can go off to investigate what is on offer during 'Discovery Time'.

During a typical morning in Reception, we will have RWI phonics, songs, story time on our carpet, indoor and outdoor learning before lunch time in the hall at 11.40am.

In the afternoon, we will have a maths session, sometimes PE and more exploring indoors and outdoors.
